

GENDER PAY GAP REPORTING

Inclusiveness is fundamental to the ethos of the YMCA Movement. We have a wholehearted commitment to welcome people of other faiths and those of none, linked to a confident identity as a Christian faith-based organisation. This includes ensuring that diversity is reflected strongly within our structures and that the services and activities managed by YMCA EW are designed to provide equal opportunities – with the Board and leadership team undertaking unconscious bias training.

Salaries are based on the role regardless of the gender of the person performing the duties. YMCA England & Wales operates a staff grading system for all roles, where points are allocated based on the skills and responsibility of each role which determines the salary level for that role. Salary levels for each grade are set by benchmarking against other voluntary sector organisations. As we have more than 250 staff we are required to give our gender pay analysis in the statutory format, as at 5 April 2020:

Pay level	Male employees	Female employees
Number of employees	107	223
Quartile 1 (highest)	40%	60%
Quartile 2	30%	70%
Quartile 3	28%	72%
Quartile 4 (lowest)	33%	67%
Average hourly rate	£13.59	£11.02
Median hourly rate	£9.12	£9.12

As is shown in the table above, two thirds of the staff working for YMCA EW at April 2020 were female. In addition over 80% of the staff employed by YMCA EW work in Retail (many of whom welcome the ability to work part-time) and consequently means that a more significant percentage of staff fall within the lower quartile bands. As a consequence the above analysis is distorted and it is more meaningful to separate out the results of Retail staff from non-Retail staff which provides for the following analysis:

Pay level	Retail		Non-Retail	
	Male employees	Female employees	Male employees	Female employees
Quartile 1 (highest)	15%	23%	25%	37%
Quartile 2	29%	69%	1%	1%
Quartile 3	28%	72%	-	-
Quartile 4 (lowest)	33%	67%	-	-
Average hourly rate	£10.26	£9.40	£27.23	£21.06
Median hourly rate	£8.72	£8.70	£27.40	£18.64

The above analysis is further explained below.

- Two thirds of the staff working for YMCA England & Wales are female
- In every pay quartile YMCA England & Wales employs more women than men (which is common throughout the voluntary sector). This is partly due to the range of family friendly and flexible working policies available to staff. The pay disparity shown in the table is largely due to the relatively low number of male employees

- As at April 2020, there were 4 people on the Senior Leadership Team of which 2 were female and 2 male
- Over 80% of our staff work in the retail operation. Hourly rates for the Retail staff have been increased and as from March 2020 the lowest level is above the rates required by the National Living Wage.

Every role within YMCA EW is benchmarked and considered against the market. YMCA EW ensures its assessment of salaries is undertaken against a robust job evaluation process and consistent with our range of policies that ensure fair recruitment. This job evaluation process is to be reviewed during 2020-21. We continue to review the implications of our gender pay gap statement and specifically the gender balance of staffing across the organisation – in particular at the higher quartiles.
